Agreement Reached Between Dr. Kapp and Ebert Government Reports Say—Ebert Will Again Assume Control Until An Election Can be Held Two Months Hence

## REPORTED AGREEMENT BETWEEN THE OLD AND NEW GERMAN GOVERNMENTS

PARIS, March 15.—The reported agreement between the new and old German governments is declared to have been reached on the following basis:

First—Dr. Wolfgang Kapp abandon his intention of forming a cabinet.

Second—A new cabinet is to be formed, composed of experts.

Third—New elections to the reichstag are to be held within two months.

Fourth—A new president of the German republic will be elected not by the reichstag but by the people.

Fifth—Pending the elections, Friedrich Ebert is to remain in power.

Sixth—The economic council of the empire and the exploitation councils are to be transformed into a second chamber to be called the chamber of labor.

**BULLETIN**  
Berlin, March 15.—(By The Associated Press)—A number of persons were killed and several wounded in clashes between soldiers and crowds at various places in the outer suburbs of Berlin this afternoon.

The soldiers used rifles and machine guns.

**BULLETIN**  
Berlin, March 15.—(By The Associated Press)—Eight hand grenades are reported to have been thrown this afternoon from the roof of a building into the street in front of the headquarters of General Baron von Luettwitz, minister of defense in the new government. There were no casualties as far as is known. No arrests were made.

**BERLIN, March 15.**—(By The Associated Press)—The revolution in Germany appears tonight to have reached the end of the road. There is a strong probability that shortly one government will be in control and that President Ebert will come back to Berlin with his ministers.

A basis of agreement between the government set up by Dr. Wolfgang Kapp as chancellor and the government of President Ebert is enunciated in a declaration issued by the present Berlin government today. Announcement is made that negotiations with a settlement in view have been opened between the two governments at the instance of President Ebert and his associates.

There is, however, no direct confirmation of this from Ebert who is understood to be at Stuttgart.

Briefly Chancellor Kapp is agreeable to the continuance of the "present imperial president," who is Friedrich Ebert; he renounces the formation of a new ministry and places the direction of affairs in the hands of the under-secretaries of state.

The agreement as set forth by Chancellor Kapp provides for a cabinet, which shall include professional ministers, or experts, elections within two months for members of the reichstag and the Prussian national assembly and subsequently an election for imperial president by the people.

Herein lies the explanation of the proposed settlement, for the general strike is often before, has proved an effective weapon.

It was President Ebert and his ministers who called upon all the people to declare a general strike and there was an instant and effective response to this call. Labor fiercely resented the usurpation of the reactionary government. Vast numbers of men left their work, and serious disorder occurred in various parts of the country.

Chancellor Kapp and his supporters announced that they would deal harshly with strikes or passive resistance to the existing order in Berlin.

Notwithstanding the government threat of drastic measures, it has been reported that neither Dr. Kapp nor Major General von Luettwitz was willing to put their warnings to the test. Bloodshed would have been inevitable plunging the country possibly into a state of anarchy and giving the communists the opportunity they had long awaited to foist the soviet doctrine upon Germany.

This state of affairs was recognized in all its seriousness also by the Ebert government. The hope is entertained here that an agreement will be reached by the two contending governments and that the streets of Berlin will soon be cleared of wire entanglements, machine guns and armed troops.

Although this counter revolution has thus far been the most orderly of any in the history of a great

# ARTICLE TEN, AS WRITTEN BY G.O.P. PASSED BY SENATE

Action Taken After Other Amendments Were Voted Down

## REPUBLICANS VOTE SOLID

WASHINGTON, March 15.—Reaffirming its disagreement with President Wilson on the dominating issue of the peace treaty controversy, the senate adopted today by a vote of more than two to one the Article X reservation framed by Republican leaders. Its action brought to an end, at least for the present, the protracted effort for a compromise that would insure ratification and the senate's decision was accepted generally as hastening the treaty toward another deadlock from which it could be realized only by a verdict at the polls next November. Fourteen Democrats voted with the united Republican membership for the reservation, but this defection from the administration ranks fell far short of the number that would be required to ratify. It was conceded that other probably would swing over on the ratification roll call, but administration leaders, evidenced no apprehension that their forces would dwindle beyond the danger point.

The vote for adoption, 54 to 26, showed on its face a two-thirds majority for the reservation, but it means indicated that two thirds would vote for ratification on that basis. Included in the majority were the irreconcilables holding about a score of votes which on the ratification roll call will be cast against the treaty.

The reservation adopted after many efforts to modify it, follows in general form the one adopted last November. It is as follows: "The United States assumes no obligation to preserve the territorial integrity or political independence of any other country by the employment of its military or naval forces, its resources, or any form of economic discrimination, or to interfere in any way in controversies relating to territorial integrity or political independence, whether members of the league or not, under the provisions of Article X, or to employ the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the congress, which under the constitution has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall in the exercise of full liberty of action by act or joint resolution so provide."

The roll call on adoption of the Lodge substitute reservation polled 42 Republican and 14 Democratic votes for adoption.

Twenty six Democrats voted against adoption. Senators Mc Cormick and Sherman of Illinois Kenyon and Cummins of Iowa and Townsend of Michigan. All Republicans voted for adoption.

On adoption of the original Article X reservation last November the vote 46 to 33, with only four Democrats voting in the affirmative.

The vote on Article X completed the senate's reconsideration of the fourteen reservations adopted in November, but several in the new proposals remain to be disposed of before the vote on ratification. Most leaders thought tonight, however, that the end would come this week.

Senators agreed that virtually the only hope of ratification lay in the possibility of a serious break in the Democratic support of the president. Instead of breaking, however, the administration lines tightened today as Senator Hitchcock of Nebraska, the Democratic leader, passed the word that he had definitely confirmed his belief that Mr. Wilson would not take the new reservation.

The president's stand and the adamant cohesion of the Republican majority combined to bolster up the position of the administration leaders in the senate and the fourteen Democrats who supported the reservation on the roll call represented less than half the Democratic strength which had been promised for the Republican substitute as originally drafted.

Among substitutes offered from the Democratic side was that written by former President Taft but it failed to get a single Republican vote and was beaten 46 to 30.

The draft framed in the recent bipartisan conferences also was presented by the Democrats and was voted down 45 to 31.

From the Republican side, Senator Frelinghuysen's substitute, flatly denying any obligation under Article X, went down, 59 to 17, the leaders of both parties standing against it.

An effort will be made tomorrow to set a time for the vote on ratification, but the prospect of an agreement was uncertain tonight.

# COMPARATIVE FIGURES ON ILLINOIS GRAIN GIVEN

SPRINGFIELD, Ill., March 15.—In a crop report issued here today by Charles Adkins, director of the Illinois department of agriculture and S. D. Fessenden, field agent for the United States bureau of crop estimates, it is estimated that ninety per cent of the 1919 Illinois corn crop was of merchantable quality. The report makes the following estimates on the four leading grains in Illinois, the estimates being based on figures of March 1, 1920 and March 1, 1919:

**Corn Estimates**  
It is estimated that thirty eight per cent of last year's corn crop or 114,380,000 bushels was held on the farms in the state on March 1, 1920, as compared with 22,968,000 bushels on the same date of the preceding year. It is also estimated that thirty two per cent of the crop or 96,320,000 bushels, has been or will be shipped out of the county where grown, as compared with 116,192,000 shipped out last year and that ninety per cent of the crop or 270,900,000 bushels of the total crop of 301,000,000 bushels was of merchantable quality.

**Wheat Estimates**  
The reports show that eleven per cent of this crop or 7,224,000 bushels remained on the farms in Illinois on March 1, 1920, as compared with 5,118,000 bushels at the same time last year and that fifty nine per cent of the crop or 38,748,000 bushels has been or will be shipped out from the county where grown as compared with 38,382,000 bushels shipped out from the crop of 1918.

**Oats Estimates**  
The estimate is made that thirty five per cent of the oat crop or 13,071,000 bushels remained on the farms on March 1, 1919. It is also estimated that forty five per cent of the crop or 55,377,000 bushels has been or will be shipped out of the county where grown as compared with 99,166,000 shipped out from the 1918 crop of 198,352,000 bushels.

**Barley Estimates**  
The reports indicate that twenty four per cent or 1,373,760 bushels of the crop remained on the farms on March 1, as compared with 2,790,000 on March 1, 1919 and that thirty three per cent of the crop or 1,888,920 bushels have been or will be shipped out of the county where grown as compared with 3,690,000 bushels which was shipped out from the crop of 1918.

# FOOD RELIEF FOR EUROPE ASSURED BY ACTION OF HOUSE

Bill Permits Grain Corporation to Send 5,000,000 Barrels of Flour on Credit

Washington, March 15.—Food relief for Europe was assured today when the house passed overwhelmingly a bill permitting the United States grain corporation to send 5,000,000 barrels of wheat flour on long term credits to Poland, Austria and Armenia.

The vote on the bill was 283 to 12. Chairman Fordney of the ways and means committee urging prompt action on the measure declared there was need of immediate relief and that according to officers of the grain corporation there was no demand in this country for the flour which was apt to spoil unless disposed of before the weather. "This is a case where starving people ask for only crumbs falling from the rich man's table," said Representative Green, Republican, Iowa.

Reminding the house that the ways and means committee had reported out a month and a half ago a bill providing fifty million dollars relief for European countries, Representative Kitchen, Democrat, North Carolina, charged that the Republican steering committee's refusal to let the measure come before the house had caused the deaths of thirty thousand persons by starvation.

"There is no man here so lacking in humanity as to vote against this form of relief," said Mr. Kitchen, who estimated that the transaction would amount to about \$53,000,000.

# LOWDEN SHOWS LITTLE STRENGTH IN MINNESOTA

ST. PAUL, March 15.—When returns from last night's statewide Republican presidential preference primary were halted early today (Tuesday) by a blizzard which paralyzed wire communication, Major General Leonard Wood was maintaining a substantial lead over Senator Hiram Johnson of California. The vote from about 450 precincts, including a majority of the St. Paul and Minneapolis precincts was:

Wood	15,627
Johnson	8,517
Lowden	3,510

# FURTHER STORIES OF U. S. MISTAKES REVEALED BY SIMS

Discloses Messages Between Himself and Benson

## SAYS U. S. WAS LUCKY

WASHINGTON, March 15.—A hitherto unpublished story of war time anxiety in London and Washington lest German battle cruisers attempt a raid against American transports was disclosed today to the senate naval investigating committee by Rear-Admiral Sims.

Messages exchanged by Admiral Benson, chief of operations and Admiral Sims in July 1918, were presented by the latter to correct "implications," which he said, Secretary Daniels had made to the committee that "general plans and policies were none of my business."

Included in plans formed by the navy department to meet such raids and rejected by Admiral Sims as "impracticable" was a proposal to call on Japan for a battle cruiser division to serve with the American Atlantic fleet. In his first statement to the committee when the present investigation began, Admiral Sims said the complaints he had to make against the navy department were confined largely to the first six or eight months of the war. When he entered today upon his discussion of events that occurred in the summer of 1918, he said he did so because Mr. Daniels, in a statement to the committee had implied that Admiral Sims' post in London was purely a local one.

**Quotes Admiral Sims.**  
"The statement was inaccurate," Admiral Sims said.

In the spring of 1918, he said, when the submarine menace had been overcome naval officials in London became apprehensive that the Germans might, as a last venture, send out battle cruisers in the hope of destroying an American convoy. That this apprehension was felt also at the navy department, he said was demonstrated by the following cablegram from Admiral Benson:

"As last hope German battle cruisers may be sent out to completely destroy one of our large troop convoys. We demand you to gain and give information on this point and grand fleet to take necessary action until United States could act."

In reply Admiral Sims said he cabled that everything possible would be done to intercept raiding German cruisers, but that there could not be any guarantee that enemy battle cruisers would not reach the open Atlantic undetected.

He advised guarding United States troop convoys upon battleships. Despite this, he said, the navy department on July 30 outlined a plan of its own to meet such raids, predicated, he added, on the "false premise" that advance warning would be given. The plan contemplated placing one division of American battleships at Queenstown, Ireland, to cover the eastern Atlantic, another to be held at home in readiness to cover the western Atlantic and a division of Japanese battle cruisers to be stationed with the Atlantic fleet to pursue and sink raiders. The plan was impracticable for a number of reasons, Admiral Sims declared. It was eventually abandoned with the full concurrence of the navy department and for it was substituted a plan substantially the same as previously recommended by me.

**A Case of Good Luck.**  
Only the fact that "God was with us," saved early troop ships convoys from German torpedoes, Admiral Sims declared. "Good luck was with the department," he insisted, as the enemy had advanced information of the sailing of convoys and destroyers thru the department's use of an old and unsafe code.

Admiral Sims said he had improved the department to use British admiralty codes in sending news of convoy movements but without avail. The success of the allies in "breaking" enemy codes and deciphering the messages was astounding, he added, and he had assumed that the enemy was equally successful although actually it was later learned the Germans did not have great success in breaking allied codes. Facts regarding American convoys were discussed at social affairs in Paris before either he or General Pershing knew them, the admiral said. In some cases he added, the news was sent to France from New York in business codes.

# CLOSE FRIENDSHIP BETWEEN FRANCE AND U. S. MUST CONTINUE

Declares French Premier in Interview With Associated Press Representative

PARIS, March 15.—Premier Millerand today put aside the German crisis long enough to discuss the relations between France and the United States and the conditions of international credit. He said to a representative of The Associated Press:

"France and the United States must continue the close friendship which always has been maintained between the two countries. No fleeting misunderstandings must be allowed to trouble their relations."

"Without going into the purely political questions, it appears to me an opportune time to recall now to our friend the United States that France is not asking for charity. The greater part of money France borrowed abroad was spent in the common interest of all the civilized countries—a fact which might form the basis of a claim for special consideration but such is not our intention."

"We don't request cancellation of our debts. We only ask time to breathe and to recover our strength after four and a half years of exhausting war."

The premier referred to the ruinous fluctuations in the rate of exchange, which he held would be aggravated rather than palliated thru measures proposed to France by those not taking sufficient account of interior conditions.

"If France is obliged to meet her obligations abroad, at the present rate of exchange she would be forced to pay two and a half times what she owes," continued the premier. "Of course that is not what they mean to require from us."

"We have given our blood, we have given our money. To ask us now to give more than double our debt is an anomaly that cannot fail to strike the most impartial judges."

After mentioning the suggestion made by the United States that France could raise the value of the franc by increasing exports, Premier Millerand said the question appeared to be imperfectly understood by the American people.

"We ask nothing better than increased exports. We must first, however, manufacture and we can't make the things for foreign trade until we have factories in which to manufacture them. Do our American friends lose sight of the extent of the devastation of the richest part of our territory; do they forget that we are still partly paralyzed and that it will require years to recuperate our wasted manpower and restore the former flourishing manufacturing centers."

"The war cost us 600,000 industrial workers. 600,000 of our buildings were destroyed, regions were entirely ruined which in 1913 gave us the greater portion of our wool, linen, thread, minerals, pig iron, sugar and railroads to an unimagined extent. Thirty per cent of our merchant fleet was sunk and our wheat production was diminished two-thirds, involving a deficit of two billion francs. These changes were a blow to the very base of the economic and financial situation of France."

"Besides sapping our economic power the German invasion reduced the treasury resources for the war. Also while the United States mobilized about seven per cent of her men of an age to serve we sent to the colors 89 per cent of all our mobilizable men for an infinitely longer period."

"The paralysis of business as well as the prolonged absence of so many taxpayers resulted in a diminution of 23 per cent in the yield of taxes in 1915 as compared with 1913. In 1914 when it appeared no longer possible to wait for the liberation of the invaded districts in order to increase the tax revenues, new taxes were imposed and old ones increased until during the present year the yield of those taxes in force will amount to 12,000,000,000 francs. Further taxes now under discussion will increase our revenue to four times greater than the pre-war total."

In conclusion the premier declared:

"France and the United States cannot afford to misunderstand each other. Both countries must bear in mind that there are no dealings worth while in which each does not find an advantage. France is determined to recover from the ruins. She will be able to make the necessary fiscal effort, taking all the measures the situation requires."

# U. S. WITHOUT OFFICIAL NEWS FROM GERMANY

Advices Throw Little Light on Political Status

## AWAIT WORD FROM ALLEN

(By The Associated Press).—Advices received from General Henry T. Allen, at Coblenz as to military aspects of the involved situation in Germany, government advices today threw little light on the political status there and none at all on possible allied military measures.

Government officials had hoped that General Allen would report on the conference of allied commanders on the Rhine with Marshal Foch, but no such message had come when the department closed.

**Report of Strike.**  
The state department had an official report of a general strike at Hamburg with the military in control and no disorders. Other advices were largely summaries of press accounts from Germany or from cities near the German border. There was much speculative discussion again in war and state department circles today as to the status of General Allen's troops on the Rhine in view of the fact that the American forces alone are there under restrictive conditions. Disagreement was expressed as to whether they would be under the orders of Marshal Foch as supreme commander.

Some war department officials felt that technically, the marshal's authority might still extend to General Allen's command. Other officials, however, held that the treaty of Versailles had authorized the French leader's authority at least so far as the Americans were concerned. Secretary Baker said General Allen was vested with authority to preserve order in his area and that any other action involving his troops would have to await specific approval from Washington.

Military action by any of the occupying forces, it was pointed out would be contingent more upon the character of the revolutionary change in Germany than upon the revolution itself. The change of government would be of little passing interest to the commanders, unless it portended a departure from German engagements under the treaty of Versailles.

**Situation Is Obscure.**  
The present political situation in Germany, it was said, was so obscure as to defy diagnosis in its true perspective until time disclosed the real purposes behind events thus far reported.

It is well understood, therefore, that for the present at least, General Allen will confine himself strictly to a maintenance of the status quo in the Coblenz sector so far as this relates to the maintenance of order. This could be done, it is thought without interference with any political changes which the German population may seek to make.

Should a general strike extend to the American section, as is threatened, General Allen's situation might become more involved. Inhabitants of the sector, would not, it was thought, be permitted to suffer for necessities of life and the line of communication of the American army must be kept open. It was believed, however that beyond warning the strike leaders against any acts having this effect, General Allen could hardly do more than operate public utilities with troops and such civilians as he might be able to convince strikers.

In reviewing the German political situation as shown in press reports of the last few days, it was pointed out that the German government, they also saw signs of a rekindling of the radical Spartacan movement as a force to oppose assumption of power by the reactionaries. A flare-up of the most radical elements of Germany was becoming increasingly imminent, it was said. The sharp cleavage between the northern and southern states reflected in reports of the adherence of Hanover to the new government and of Saxony and Bavaria to the old was said, was not an unexpected development. Liberalism has always thrived in the south and alignment of liberal states with the old government and reactionary states with the new made officials here all the more inclined to question liberal leadership of leaders of the new regime.

Residents on West Chambers street have petitioned the city council for the construction of a sewer and a water main on that street. These improvements must be paid for by the property owners and evidently they are not at all discouraged by the ruling prices. It must be gratifying to city officials to find residents of a street petitioning for an improvement instead of protesting against it.

The statement that the soviet government of Russia is ready to buy 3,000 locomotives in the U. S. and a corresponding amount of railroad equipment and supplies, must be looked upon in the nature of a bribe. There are various conditions attached to this proposed order, but without doubt the Russians are hoping by this means to muster to their aid certain American influences which

may result in recognition for the government they have set up.  
Those who are in position to know say there are twenty families in Jacksonville where children are not receiving the proper care. They are neglected, they are without parents or the parents are unfit to have the care of children. Left as they are, these boys and girls are certain to come to an unfortunate end. This is a serious thing for them, and just as serious for society in general. What is to be done about it?

In the effort to enforce prohibition laws, authorities are finding many schemes are used by law violators. These are heralded in the newspapers as present day inventions for escaping the aridness that the law intends. If they would only turn back the pages of history a few years they would find that these plans and more were tried out years ago in Kansas. They succeeded only for a time, and eventually the will of the people ruled.

Mathematicians figure that there are 15.96 persons in the country to every automobile and two cars in the country for every square mile.

Lovers of horse flesh will view with sadness the fact that 3,600,000 horses were displaced by motor trucks last year. At the same time it is estimated that 15,000,000 acres of land were released for food production by the use of trucks.  
Iowa and Nebraska have the greatest number of automobiles per capita, with one car for every six and a half persons. Tennessee

lead the country in increase of car registrations, with 29 per cent gain March 11, 1920.

**THE GOOD SAMARITANS.**  
Times have changed. The recent rains have left quite a mud-hole on Hardin avenue near the city limits and automobiles had a hard time pulling thru it Sunday afternoon. In fact, several cars were mired there for an hour or two. It was interesting to note the number of people who lent their assistance in helping the unfortunate car drivers. At least twenty-five people helped or tried to help extricate one car that was in worse condition than the others. Boys and grown-ups, forgetting all about their Sunday clothes and polished shoes, waded in the mud nearly ankle deep just to serve as good Samaritans.

People do not change much with passing years, so it must be the times. It used to be that the automobile was a rarity and the non-owner felt very little interest in the fortune, good or bad, of the car driver. Now it is different, and the driver in hard luck soon finds interested people flocking to his assistance.

**AN ASTOUNDING PROPOSAL.**  
That Germany can make only slight reparation for the damage done by her in the war, and, therefore, that the United States should pay, is the amazing conclusion reached by Maynard Keynes, an attaché of the British Treasury, in a book recently written and given wide circulation in the United States. A still more amazing feature of his book is that he couples up this proposal with the hint that European nations that have borrowed from the United States might go to war to prevent the collection of the debt. Here are his exact words, "There will be a great incentive to them to seek their friends in other directions, and any future rupture of peaceful relations will always carry with it the enormous advantage of escaping the payment of external debts."  
Briefly summarized, the inter-alied debt situation is that the United States has loaned \$10,000,000,000 to the allied nations, of which \$4,210,000,000 went to Great Britain. Great Britain loaned to other nations \$8,700,000,000, of which \$4,210,000,000 was furnished by the United States, leaving Great Britain a net lender to the extent of \$4,500,000,000. Under Mr. Keynes' proposal therefore, the United States would cancel a debt of \$10,000,000,000, while Great Britain would cancel a debt of only \$4,500,000,000.

But that is not all. Mr. Keynes proposes that, after the United States has canceled this \$10,000,000,000 debt, this country shall be the principal contributor in advancing a billion dollars to put European nations back on their feet industrially and in a position to conduct an aggressive and successful commercial war with the United States. This astounding proposal would seem so absurd as to be unworthy of consideration were it not for the fact that Mr. Keynes weaves into his book so much laudation of Woodrow Wilson that one is constrained to believe that he hopes through the Wilson influence to induce the United States to adopt the policies he suggests.

Winter Strawberries.  
It was a bitter winter day when to the grocer's joint I went, to price the predigested hay, and buy a nutmeg for a cent. "These berries here," the grocer said, "have just been shipped in by express; they come from lands where frost is dead—from Southern Florida, I guess. A box of these," the grocer cried, "will cost a dollar and a third; and you may eat and swell with pride, and folks will say you are a bird." The village banker ambled in, his whiskers full of snow and ice. "Buy berries," said he, "were a sin to cough up such a beastly price." The leading lawyer came along and gazed upon that pallid fruit, and said, "His head is working wrong who for such stuff would give a hoot." A half a dozen men of wealth passed up the berries thus displayed; they said, "would undermine their health to pay the price the grocer made. And then the village tinsmith came, and bought a box, his eyes agleam; he said, "I'll take

them to the dame, and she will dish them up with cream." To moralize in doleful pitch I might proceed, but bedtime's nigh, and wealthy men are always rich, and tinsmiths—well, they're living high.

**TEACHERS ORGANIZE FOR YEAR'S WORK**

H. A. Perrin is President of Central Division of State Association.  
At the recent session of the south Central Teachers division of the Illinois State Teachers association in Springfield a permanent organization was effected. The officers chosen are as follows:  
President—H. Ambrose Perrin, Jacksonville.  
Vice Pres.—Walter E. Buck, Virginia.  
Secretary—Miss Olive Wells, Winchester.  
Treasurer—Edgar C. Pruitt, Springfield.  
The convention was in every way a successful one, with a very large attendance. The association enters upon its second year with an enrollment of 1750 teachers. The association will be represented in the business assembly of the state meeting by 18 delegates, the number including Mr. Perrin, as president of the association, and H. H. Vasconcellos, superintendent of Morgan county schools.  
Local teachers were largely represented at the Springfield meeting and they seemed to be of one mind in commending the program. Next year's meeting is also to be held in Springfield.

**Deaths**  
Story.  
William H. Story died at the home of his son Charles Story, 710 West State street at midnight Monday. He suffered an attack of pneumonia some time ago and while he was up and around the house had never fully recovered. He was about as usual Monday and ate supper later retiring to his room. He was seized about 11:30 o'clock and summoned his son Charles H., who summoned a physician.  
Mr. Story was 82 years of age at the time of death. A more extended notice and the time of the funeral will be given later.

**Drake.**  
William Linton Drake died at the family home, 1315 South Clay avenue at 10:30 o'clock Sunday night of pneumonia after a brief illness.  
Deceased was the son of William and Elizabeth McIntire Drake and was born in Terre Haute, Ind., December 8, 1834. He was united in marriage to Nancy Schermerhorn at Kansas, Ill., in 1855.  
His wife preceded him in death November 18, 1909 and one son died May 15, 1905.  
Those surviving are: Mrs. Elizabeth Farrington, Jacksonville; Mrs. Cynthia Chumley Milton, M. A. Drake, Jacksonville; R. L. Drake, Winchester; W. A. Drake, McPike, Ark.; W. L. Drake, East St. Louis. He also leaves two sisters and one brother, Mrs. C. A. Stark, Oklahoma and Mrs. Emeline Bailey and B. V. Drake of Texas, 19 grandchildren and 22 great grand children.  
Funeral services will be held from the residence, 1315 South Clay avenue at 10 o'clock Wednesday morning.

**MISS McCAMMON GAVE RECITAL**

Head of Expression Department at Woman's College Read Barrie Play—Interpretation Proved Most Pleasing to Audience.

Miss Constance McCammon read "Alice-Sit-by-the-Fire" to a large and appreciative audience in Music Hall at the Woman's College last evening.  
The comedy is of a lady who had married a man somewhat older than herself and who lived with her husband, an English officer in the colonies while her children were educated in England. The mother returned to England and after some time finally succeeded in winning back the love of her children.  
She then decided to become a house woman and sit by the fire.  
Miss McCammon handled the eight characters, all different, in a very convincing manner. Her rendering of the parts Mrs. Grey, Alice, and Richardson were especially well taken by the audience.  
The high esteem in which Miss McCammon is held was well attested by the many bouquets which she received.

**CLOSING OUT SALE**  
having rented my farm and decided to quit farming I will offer for sale on the A. M. Masters farm 2 miles east of Woodson and 9 miles southeast of Jacksonville, on March 16, good span of mules, horses, implements, milk cows, 16 head Poland girls to farrow last of March.

**NAVY TOWING ILLINOIS WITH TWO TON TRUCK**  
Yeoman 1st Class, USN, Advance man for the Navy Truck licensing party will be in Jacksonville, Ill., March 15th to 24th. The Truck with Chief W. W. Schuller and J. S. Adams mechanics, will arrive March 16th. The party will be here about two weeks in all to enlist young men for the Navy. The truck was in Jacksonville last fall.  
The truck is an attraction of itself, and the party is having great success wherever they go. Many young men are taking advantage of the opportunity of gaining an education in the schools of the Navy. The Bureau of Navigation has made it possible that young men without the chance of going to schools, trades or colleges can obtain a schooling in various branches or trades. Among those branches which have been interesting most young men are the following: Machinist School, Electrician School, Carpenter School, Painter School, Shipfitter (plumber) School, patternmaker School and various other of the 58 trades. The Machinist School which has very recently been re-opened to enlistments is of 64 weeks duration. A course that cannot be equaled in its teaching staff and accuracy of detail. The Battle Ship is the greatest machine shop on earth. Inquire of the Postmaster for location of temporary Station. Victory Buttons will be given out to all Ex-Navy men.

**Coming events cast their shadows**

Do not allow the Time to Pass with Nature Unaided  
THE sculpturing of a statue is a greater thing than the unveiling of it; and so the growth of the unborn infant under its mother's influence is no less important than its entrance into the life that follows.

No woman awaiting the joy of coming motherhood should allow the days to pass without giving nature a helping hand. Mother's Friend is a veritable balm for the nerves, an intensely penetrating application that softens the muscles, relaxes nervous tension of the delicate organism involved in maternity, and prepares the way for an easier, quicker, and practical delivery.

This man was so well pleased with the results he obtained that he felt it his duty to inform the public regarding the wonderful results of Natski:  
Assumption, Ill., June 28, 1929.  
To My Friends, and to Whom it May Concern:  
I believe it my duty to inform the public that I was afflicted for about four years with rheumatism and a trouble in my left side. I tried a number of remedies recommended for my troubles, but no good could I get until I took Dr. Johnson's advice and went to taking NATSKI, and I am glad to say that two bottles cured me sound and my pain left me all over, side and all. Try it, my friends, and be convinced.

**What is Rheumatism? Why Suffer from It?**

**Sufferers Should Realize That It is a Blood Infection and Can Be Permanently Relieved**  
Rheumatism means that the blood has become saturated with uric acid poison.  
It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to take a little salve and by rubbing it on the sore spot, expect to get rid of your rheumatism. You must go deeper than that, down deep into the blood where the poison lurks and which is not effected by salves and ointments.  
It is important that you rid yourself of this terrible disease before it goes too far. S. S. S. is the blood purifier that has stood the test of time, having been in constant use for more than fifty years. It will do for you what it has done for thousands of others, drive the rheumatic poisons out of your blood, making it pure and strong, and enabling it to make you well. S. S. S. is guaranteed purely vegetable, it will do the work and not harm the most delicate stomach.  
Write the physician of this company and let him advise with you. Address Swift Specific Company, 435 Swift Laboratory, Atlanta, Ga.

## we take the risk out of hog raising

We are an organization of hog raisers who have joined our own company, for mutual protection. We have eliminated the usual unpleasant features of the common "insurance" plan, which entails an assessment every time there is a loss by charging the loss against the policyholder. This building a reserve regular "Old Line" rate, thus building a substantial sinking fund besides the returnable earnings in excess of carrying our insurance with full protection.

We have demonstrated the practicality of our plan and now invite other hog raisers to join us and share in the many benefits.

We are growing fast, have ample resources, pay all claims promptly without red tape and afford every hog raiser utmost protection against loss in the live business. ## Sure Death to Corns

"Gets-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Gets-It" does when it lands on a corn or callus is to end out the pain. Then it shrivels the corn or callus and loosens it.

Soon, it is almost ready to fall off. You tip it just a little by lifting it off 'twixt thumb and finger. You don't even feel it, because there is no hurt in it. Millions have proved it the cleanest, surest, safest and most pleasant method. "Gets-It," the never-failing, guaranteed money-back corn remover costs but a trifle at any drug store. Sold by E. ## JUDGE RULES ON NEWBERRY'S STATUS

Tells Jury if Senator Participated Actively in Things Which Caused Expenditure of Money He Should be Expelled.

GRAND RAPIDS, Mich., March 15.—A ruling on the status of Truman H. Newberry in the senatorial elections conspiracy trial was made today by Judge Clarence W. Sessions. An interpretation of the election statutes by George E. Nichols of defense counsel drew a whispered objection from Frank C. Daily, assistant attorney general and the court interrupted Mr. Nichols.

## JUDGE MAKES ERRONEOUS PREDICTION REGARDING LAWYER

"About one clean shirt is all I thought he would ever wear. He had fallen away to a mere shadow; was as yellow as saffron and often doubled up with pain. Doctors continually gave him morphine and were ready to operate for gall stones. May's Wonderful Remedy quickly restored him to perfect health again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

tion from Frank C. Daily, assistant attorney general and the court interrupted Mr. Nichols.

"I shall charge the jury," said Judge Sessions, "that if Senator Newberry participated actively in the things which caused the expenditure of money, then he caused it to be expended."

The court said that the state statute is only referred to by the federal law, as a measure of the amount which may be expended or caused to be expended or used and that "what somebody else may expend has nothing to do with it."

"That applies to the candidate, as I understand it," said Mr. Nichols.

"Yes, that is the reason, the amount is limited to \$3,750," replied Judge Sessions.

Both government and defense arguments were heard today at the schedule called for only the former. W. H. Eichhorn for three hours urged the jury to convict, then surprised the defense by vinding up his argument. This brought Mr. Nichols to the forum and split his talk into an hour today and an equal interval tomorrow. It also operated to bring Martin W. Littleton of New York to the start of his closing speech for the defense Wednesday morning, giving him an hour then and an equal amount after luncheon. With five hours left for government debate, Mr. Daily will follow Mr. Littleton Wednesday afternoon, and have the entire court day of Thursday to wind up the case. James W. Helme, Democratic defendant is to address the jury tomorrow.

Judge Eichhorn found much material in the King-Newberry correspondence introduced by the defense. He quoted the testimony of the first government witness, Jay Hayden, Washington correspondent of the Detroit News, to the effect that after Hayden had cited the Herrick campaign in one as "against the spirit of the times," Newberry said he did not wish to make a "barrel campaign."

Not within three months or less," said Judge Eichhorn, "Paul King wrote to Newberry that he was going to Cleveland to see the man that managed the Herrick campaign and hoped to get a few pointers from him and that there was not a line to show that Newberry disapproved this act by his campaign manager."

"If your message in this case is a verdict of guilty," he told the jurors in conclusion, "then you write a message to the entire country. You serve a warning on politicians who would corrupt the franchise and destroy the institutions of this country of which we are all so proud to be citizens."

Mr. Nichols told the jury at the outset that their responsibility was great because of the 85 families whose happiness depended upon their findings.

"This alleged conspiracy was nothing more or less than a political campaign conceived and carried out by the master executive mind of Paul H. King," he said.

The defense counsel laid particular stress upon the claim that criminal intent must be made plain if the defendants are to be found guilty.

"There is always a motive in every act," said the attorney, "if anything damaging is ever brought out against a man it usually can be found in letters in which he tells exactly what is in his mind. Yet search this correspondence that we laid on the table and you will find nothing that will show that Truman H. Newberry and Paul King had at any time any understanding that could in any sense be construed into making them conspirators."

"Conspiracies are formed behind closed doors," in secret places, and the wish of every conspirator is that nothing become known which might connect him with the thing undertaken in the dark. Yet the first thing Paul King did in this campaign was to send out 500 letters announcing his intention not to do

the thing for which he is now on trial."

Mr. Nichols said there were 45 defendants represented by the general counsel who took only minor parts in the campaign.

That the names and homes of these outside defendants be not blasted, is just as important as that the name and home of Senator Newberry be not blasted, he said.

"It is vital that no stain be placed upon their children and wives unless the proof is overwhelming that they acted in the 1918 campaign with corrupt minds and purposes."

## LAST CHILD OF WHITE HALL FAMILY DIES

Nine and Half Year Old Daughter of Mr. and Mrs. Harry Littleton Passes Away—Two Others Preceded Her in Death—Other White Hall News.

White Hall, Ill., March 15.—The last of the three children of Mr. and Mrs. Harry Littleton, residing on South Main street, died at 12:30 a. m. today, when Effie Lay, the nine and one-half year old daughter, died from a combination of ailments covering nine weeks. Inflammatory rheumatism first attacked the child and then influenza. While recovering from the latter ailment, the child was again attacked with the rheumatism, which became complicated with tonsillitis and St. Vitus dance, resulting in death. Last fall a younger daughter, Lona May died, and a week following this death their little son, Harold Vernon, died. The family is now childless.

The condition of William Coates, a farmer at Hillview, is very critical today, and his death may occur at any time. His wife died at 2:30 a. m. Sunday, last twenty-five hours after the death of their daughter, Alma, aged 18 years, all being stricken with pneumonia. Their illness dates back about ten days. The nurse from Jacksonville was taken ill with influenza and was taken home Sunday. The double funeral was held at noon today in the Hillview Baptist church, conducted by Rev. J. O. Gaines.

White Hall, and the burial was in the Martin cemetery at Patterson. There seems to be considerable sickness in the neighborhood of Hillview. The son of George Powell, mail carrier, is very low today with pneumonia.

Rev. Arthur Frederick Ewert will leave next Sunday for Memphis, Tenn., to devote four days as speaker in connection with Lenten services at the First Presbyterian church there, one of the most influential congregations in the south. There will be three main speakers in connection with the observance there, one from Louisville, one from Cincinnati and the other from White Hall. Just what such engagements mean for the future of Rev. Ewert in hardly fathomable, and Rev. Ewert admits as much. He visited Memphis during the Victory Loan campaign, making a number of addresses to the Rotary Club and other important organizations, and there has since been an insistent demand for his presence there that the local session of the Presbyterian church would not consent to. Rev. Ewert says he expects to "stay put" with the local Presbyterian congregation at least until the expiration of the present year in view of the action of the session in increasing his salary. The demands made on him for lectures and special engagements from various parts of the country renders it all the more wonderful that he can "stay put" regularly in a pulpit.

The congregation of the First Baptist church held a sort of love feast Sunday morning, when the mortgage on the parsonage and all outstanding notes of indebtedness were burned with much glee. The pastor, Rev. O. A. Carman, in the course of his remarks made it pretty clear that he is opposed to the inter-church movement

## TELLS ABOUT HORRORS FOUND IN ARMENIA

Miss Burgess, Returned Missionary Declares Stories From Near East Are Not Exaggerated.

Miss Edna Burgess is in Jacksonville for a brief visit with her uncle, Asa M. and Marcella Robinson. However, Miss Burgess comes at this time to give people some accurate idea of the condition in the near east. She has recently returned to her home in Bement after five years in Rumania, Persia, and she served in one of the hospitals managed by the Presbyterian board of Foreign Missions.

As indicated above, Miss Burgess was in Persia during the period of the war, and in that locality where

the Russian and Turkish armies were so often in conflict, gained a most vivid knowledge of the murder, pestilence and famine which followed that warfare.

In a recent interview about her work Miss Burgess said: "Don't ask me what should be done with Armenia. That's a problem which I don't know how to answer. But something must be done. I am not speaking from the standpoint of politics, but from the standpoint of a missionary, and I believe that things never will be any better in the Near East until the Peace Conference takes some action."

**NO EXAGGERATION**  
"No matter what tales of horror you may hear of the Near East, they are all true and are not exaggerated," said Miss Burgess. "Everything possible should be done for the Near East. Some of the things I saw and on my return trip, I visited three days in Erivan and saw the splendid relief work which is being done there. In the vicinity of Erivan, some 100,000 people are being cared for in the city and others in surrounding villages. There are eighteen orphanages, with from 60 to 1,000 children in each. There is a large unit of workers at Erivan and they are taking care of the refugees but are carrying on a great deal of industrial work. They have hospitals there too."

**NEED FOOD**  
"But it is almost impossible to get food and supplies into Armenia. Something should be done so that food could get through. Some of the difficulties of this are clearly explained in a recent article, 'Hovers Tramps Abroad,' by Henry M. Hyde in the Jan. 31, 1920 issue of the Saturday Evening Post. Miss Burgess speaks little of the hardships she suffered during the war, but she speaks of the horrors of the Turkish army, when frequent invasions and massacres, but some of her experiences are mentioned in an article in the September 'Atlantic Monthly.' This article, 'Canuch Things Be,' is a part of the letters written by Jessie Lee Ellis, wife of Dr. Wilder Prince Ellis, a missionary physician in an American hospital in Erivan, Persia. She went there a little over three years ago."

The Decatur Review recently printed the following paragraphs concerning Miss Burgess and her work: "In her letter, Mrs. Ellis tells of the flight made by the refugees to meet the British far south of Urumia in July, 1918, when a daring British aviator flew to Urumia promising the Christian Armenians aid. About 600 stayed at the mission, most of them women and children, and they were packed in the large mission compound or yards which were

in charge of Judith David, a Nestorian and Dr. and Mrs. Packard. **HAD NARROW ESCAPE**  
Soon after the refugees had fled, the Kurds came on July 31, 1918, looting and robbing and killing. In her letter, Mrs. Ellis says the following of Miss Burgess: "Before going on, I must tell you of Miss Burgess' narrow escape. She was not present during the attack on our house and we were so excited that we did not miss her. But just at the end of the day, she came rushing in, breathless, from the home of Yohannan (John Mooshe), who had been lying at death's door with typhus. She had gone to give some professional assistance to his faithful nurse, who had been pushed into the house. They shot our faithful helper three times, in the presence of the children, and that too, in spite of the fact that Mrs. Mooshe was pouring out her life for them. The Kurds were hastily escorted over the roof to safety by Yohannan, the faithful Kurdish servant of the Packards."

## Matrimonial

Hymes-Hughes.

The marriage of Earl Hymes of Chapin and Miss Nellie Hughes of Greenview was solemnized at 11 o'clock Monday morning at the Christian church, parsonage, Rev. M. L. Pontius officiating. The young people were unattended. The groom is a member of a family well known and highly regarded in the Chapin neighborhood. Mrs. Hymes has spent her life in the neighborhood of Greenview and has a host of friends there.

The young people will reside on a farm near Markham, and their friends unite in extending best wishes.

S. S. B. B. LEAGUE

Last night the Baptist senior team and the Westminster team failed to show up for their scheduled games and hence forfeited them to the Christian and Grace teams. The Grace team played a pickup team and won by the decisive score of 60 to 13.

## NOTICE

The Mothers and Friends association social which was to have been held today, at the home of Mrs. Newell, 613 East College street, has been postponed until Tuesday, March 23, on account of measles in the Newell family.

## FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Zemo is a safe, antiseptic liquid, clear, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skin.

## Tells How to Stop a Bad Cough

Surprising results from this famous old home-made syrup. Easily prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficulty breathing, or if your child wakes during the night with cough and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of very remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes, lines the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pine Co., Wayne, Ind.

## WINCHESTER WOMAN'S CLUB MET MONDAY

Assembly Held at Library Monday Afternoon and Interesting Program Carried Out—Lou Bailey Held Sale Saturday—Other Items.

Winchester, March 15.—The assembly of the Woman's club was held at the library Monday afternoon. Mrs. David Hainsworth, the vice president, had charge of the program in place of Miss Betha Miner. After the usual business program, Mrs. Avaline Belden representing the central district of Chicago, spoke on "The Peace Time Program." The speaker gave a very interesting talk and explained in detail what is being attempted.

Rev. E. C. Lucas of White Hall was present and urged the club to undertake a Yecum course. Miss McLaughlin reported that the Yecum course will address the club in April.

Miss Louise Frost gave a talk on "Y. W. C. A. work in which she has been engaged the past winter." Rev. E. C. Lucas of White Hall preached at the Christian church Monday night. There was a good attendance and the meeting was one of special interest.

The household science department of the Woman's club will meet Thursday afternoon this week instead of on Wednesday as previously reported. The meeting is to be held at the home of Mrs. Arthur Markville.

Lou Bailey held a sale at his home on South Main street Saturday afternoon. A pair of draft horses were disposed of as well as some farm implements and a few shoats. The article offered brought satisfactory prices and the sale was considered a very successful one. Lloyd Seely was the auctioneer and W. L. Bagshaw the clerk.

Mrs. Kate Ellis has returned to her home in White Hall after a visit with relatives and friends here. Miss Frances Coultas enjoyed the week end with friends in St. Louis. Harry Glossup and Paul Steham have gone to Quincy for a visit with George Glossup, who is attending business college there.

## Funerals

Reed.

Funeral services for Mrs. Anna Reed were held from the Old People's home at 2 o'clock Monday afternoon in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. Miss Cora Graham sang suitable hymns. Burial was in Diamond Grove cemetery, the bearers being A. C. Rice, Charles Martin, Mr. Coleman and Mr. Gilley of the home.

Ring.

The funeral services for the late Thomas Ring were held Sunday morning at St. Bartholomew's church in Murrayville. Rev. Father Flynn officiated and it was an impressive service. Burial was in Calvary cemetery. The bearers were: Michael and Riley Doolin, Nicholas Conlon, Thomas O'Connell, John Quinn and John Doolin.

Carrigan.

Funeral services for Vincent Carrigan were held Friday at 10 o'clock at St. Bartholomew's church in Murrayville, in charge of Rev. Father Flynn. There was a large attendance of relatives and friends of the deceased present for the impressive services. The flowers were cared for by Miss Cecel Thady, teacher of the deceased child.

Interment was in St. Bartholomew's cemetery in Murrayville and the bearers were Leo and Leonard Begnal, Joseph Koyne, Thomas Conley, Louis Wahl, Gerald Langton.

Rockwell.

Monday morning at 11 o'clock at the Reynolds' chapel Rev. J. P. Langton conducted the funeral services for Mrs. William Rockwell, whose death occurred in Chicago. During the years of her residence here Mrs. Rockwell was actively associated with Trinity church.

Music for the service was supplied by Mr. and Mrs. Harry M. Andre and Miss Anne Jackson. The bearers were five sons and a grandson of the deceased, Messrs. A. C. Rockwell, L. L. Rockwell, J. Rockwell, L. E. Rockwell, W. L. Rockwell and W. A. Rockwell.

Grac.

Funeral services in memory of Anton Graef were held Monday morning at 9 o'clock at the Church of Our Savior. Mr. Graef was widely known in the city and county and there was a large attendance of sorrowing relatives and friends.

Father F. F. Formaz, celebrated Requiem mass. The pall bearers were A. W. Becker, John N. Kennedy, Joseph Kumble, J. Weir Elliott, Fred W. Bolton, Peter Leonard, Daniel M. Keating and Fred Steer. Burial was in the Calvary cemetery.

Among those here to attend the funeral were Mr. and Mrs. B. Hodapp of White Hall, Capt. and Mrs. O'Brien and Miss O'Donnell of Springfield.

Anderson.

Funeral services for Mary Lucille Anderson took place at 11 o'clock Monday morning at the home of her parents, Mr. and Mrs. Carl Anderson, in the Orleans neighborhood. Rev. L. R. Reynolds had charge of the services. The flowers were cared for by Mrs. Frank Drury, Mrs. Albert Antle and Mrs. Louis Conlee.

Music was supplied by Rev. Mr. Reynolds and Arthur G. Cody. Interment was in Diamond Grove cemetery and the bearers were: Elmer Samples, Clifford Davis, Henry Smith and Hiram Drury. The child was but a few months of age and is survived by the parents and four brothers, Robert, Charles, Paul and Raymond.

## CENSUS FIGURES ARE NOT FINAL

Population Figures as Announced May Be Revised From Time to Time.

Washington, D. C., March 15.—So many inquiries relating to the Fourteenth Census population figures, now being made public by the Census Bureau, have been received from publishers, school books and other publications intended for permanent records, that Sam L. Rogers, director of the census, has issued a statement pointing out that the figures now being given out are but preliminary and are subject to correction.

"The population figures now being compiled by the Census Bureau, and which are being publicly announced as rapidly as possible, are but preliminary in their character," stated Director Rogers.

"Those who intend to print the population figures of our cities and towns in almanacs, school books and other publications intended for standard or permanent use should bear this fact in mind."

**FIGURES CERTIFIED TO CONGRESS**  
"At a later date the Census Bureau will announce from time to time the final and official population of each state, or county, township, or other minor civil division, and it is expected the official population of the United States will be promulgated, and thus be ready for certification to Congress, some time in October."

"It may well be that the figures which we are making public at this time will turn out to be the correct and official figures for many if not most of the different subdivisions. However, I want to call the attention of everyone to the fact that the figures we are announcing at this time are preliminary and are subject to later correction."

"The publisher who prints these preliminary figures in permanent records runs the risk of not printing the accurate and official results of the 1920 census."

## BELCHING Caused by Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from distressing belching, foot-rotting, indigestion, flatulent, gassy stomach, dyspepsia, heartburn and other stomach troubles. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach — these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach for 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good — just temporary relief — until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right — lack energy and enthusiasm and don't know just where to locate the trouble — try EATONIC and see how much better you will feel in every way.

At all drug stores — a big box for 50c and your money back if you are not satisfied.

## HUMANITY IS ELKS' KEYNOTE SAYS CHAPLAIN

Charity, Justice, Brotherly Love and Fidelity Watchwords of Order — No Class or Creed

A well known Rabbi sometime since penned the following statement about the Order of Elks:

In the year 1867, Charles Algernon Sidney Vivian, the son of an English clergyman, arrived in New York City. He was born in Exeter, Devonshire, England, in 1846.

Early in his career, he entered the dramatic profession. He was gifted with a wonderful voice, of a cheerful, sunny nature, and was one of the most versatile men on the stage. His glorious mission in life was to cheer and uplift, bringing sunshine into the lives of others. With this sunny and gentle temperament he was blessed with rare intellectual gifts. He was a classical scholar, thoroughly versed in the poetical lore of Old England; but above all he was a lover of his fellow-man.

In the latter part of 1867 Vivian first conceived the idea of organizing a society to promote, protect and enhance the welfare and happiness of each other, from which humble beginning, has evolved the Order with its watchwords, Charity, Justice, Brotherly Love and Fidelity, and whose fraternal and beneficent work extends to wherever the flag of America is unfurled above American soil.

This Order had its first origin at 188 Elm street, New York City, with a membership of fifteen.

The new organization was very popular from its inception, and it soon became necessary to secure larger quarters. No. 17 Delancy Street was chosen, a reorganization was effected and it was given the name of the "Benevolent and Protective Order of Elks." This important event took place February 16, 1868. The selection of the name was left to a committee of five, three of whom were Americans and who insisted that the new Order should be thoroughly American. In looking up the history of the elk they were deeply impressed, it being described as "fleet of foot and timorous of doing wrong, avoiding all combat, except in fighting for the female, and in defense of the young."

The first constitution of the Grand Lodge of the Benevolent and Protective Order of Elks, organized February 16, 1868, gives Charles Vivian's name as presiding officer.

Buried at Leadville. Charles A. S. Vivian the founder of this Order, died at Leadville, Colorado, March 29, 1880, at the age of 36 yrs. The funeral took place on the following Sunday, the Knights of Pythias taking charge of the ceremonies. The funeral was a splendid affair for that region, and no expense was spared. The casket containing the remains was the most expensive that could be obtained, and cost over \$600. The whole population of the town turned out with a band of music and accompanied the remains to the cemetery.

At the instance of the Boston Lodge of Elks, the remains were subsequently removed from Leadville and re-interred in the beautiful Elks' Rest of Boston Lodge in Mount Hope Cemetery, April 28, 1889; a suitable monument being also erected to his memory.

The original society, which was composed of but a handful of men, has now spread to such a degree that its parental arms embrace the entire Western Hemisphere and have representation in every city, state and community where the American flag waves over American soil.

The National Elks' Home is beautifully located at Bedford, near Old Virginia's skies. Those faithful Elks who have no home and have fought the stern battles of life until enfeebled, and can no longer win the sustenance are sheltered there in a magnificent stone structure, surrounded with all comforts the heart could desire and the kindest attentions that warm, generous souls can tenderly bestow.

The powerful Order of Benevolence and Charity is designed to offer its members of the certainty of warm hearts and welcome hearths in the various cities to which business or pleasure may summon them. One can well realize the sincere satisfaction of finding in each strange city a little circle of kindred minds, kind, appreciative and intelligent friends, social spirits who, linked together by the mystic tie, extend the right hand of fellowship, and greet him with the kindly smile of brotherhood.

Scarcely can the cry of distress echo in the air — ere the Elks tender their best efforts to aid and relieve. By the couch of a sick companion a brother is often found — the kindest of friends, the tenderest of nurses, patient, uncomplaining painstaking and sympathizing. How often has he smoothed the rugged path to the grave of some lonely companion who, afar from kindred and from home, breathes his last sigh of contentment surrounded by those loving brothers who brighten his last moments with the halo of fidelity, and the last assurance that his mortal part will be tenderly cared for.

Charity, Justice, Brotherly Love and Fidelity are the watchwords of the Order and Humanity its keynote. Its ranks are most widely representative, candidates for membership meeting no test of origin, class, creed or calling; true, honest hearts and manly records are the only requisites. Possessed of these, they are welcomed as Brother Elks; the social, humane, and noble side of their natures encouraged, and all those grand qualities that make life's inevitable burdens lighter and the world's woes dearer, are fostered and developed with noble aim, as has been well expressed, "to make of its members better sons, kinder brothers and husbands, more useful citizens and neighbors."

If sorrow or trouble come upon them, the Elk's brotherly

tentations kindness and help; for it is an Order in which, indeed, the right hand knoweth not what the left hand doeth. This duty is theirs while life endures, and when brothers are summoned "home" by the Grand Exalted Ruler of the Universe, they are to hold it in sweet communion, transmitting it down the waves of time, till all shall blend in the Sea of Eternity.

## NOTICE TO TAXPAYERS

The tax books are now in the collector's office and is a judgment against all parties mentioned therein.

Parties paying on personal tax only, should pay the same promptly and avoid trouble and expense in collecting same. The judgment reads as follows: In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such person. Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

"An all-around good shot — that's us" — Chesterfield

WHAT we're aiming at, is that it takes both skill and precision to blend tobaccos the Chesterfield way.

Blending, by Chesterfield's method, brings out a new richness of flavor and mellowness of taste that other and less skillful blending methods fail to "discover."

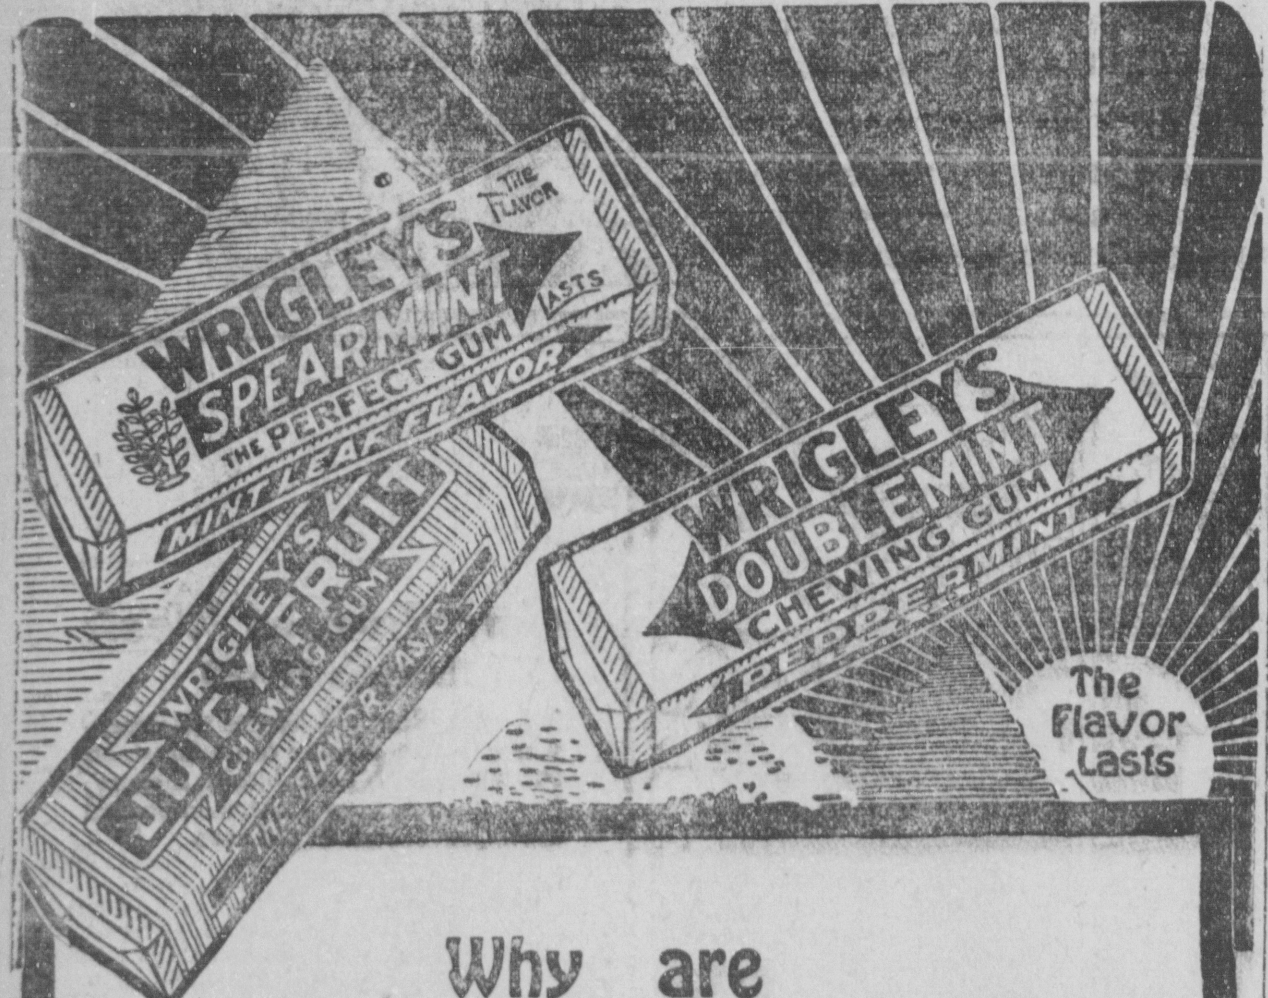

Chesterfields cure do "satisfy" — and not in flavor alone, but in value, in quality, also in their extra wrapping\* of moisture-proof, glassine paper that keeps the cigarettes in every package firm and fresh.

Today, ask your dealer for these "satisfy-smokes."

Light it all your tobacco Co.

### ALD. CHAPIN IS MAYOR PRO TEM

Fourth Ward Alderman is Chosen as Mayor While Mayor Crabtree is Out of the City—Route Business Transacted.

Alderman Chapin of the Fourth Ward was elected mayor pro tem at the regular session of the council Monday evening. He will serve until the return of Mayor Crabtree from Oklahoma.

A number of residents of West Chambers street between South West street and South Church street petitioned the council for sewer and water. A resident of the First Ward also asked the council to take some steps toward giving them sewers in that ward.

THE PROCEEDINGS  
When the clerk called the roll it showed Aldermen Chapin, Flynn, McGinnis, Moore and Williamson present. Absent at roll call Mayor Crabtree and Aldermen Cain, Ennis and Graff. Alderman Cain came in later and took his place in the council.

After roll call the clerk announced the first order of business was the election of a mayor pro tem. Alderman Flynn nominated Alderman Chapin. There were no further nominations and the clerk called the roll and announced Alderman Chapin elected.

THE MINUTES OF THE LAST REGULAR MEETING were read and approved.

A petition was presented from a number of residents of West Chambers street between South West and South Church streets asking the council for a sewer and water main.

Dr. S. S. Winner, district officer for the state health department, made it known Saturday that he diagnosed the disease as typhoid fever and he immediately ordered that all cases be handled with typhoid precautions and be quarantined.

"The question is considered settled by the receipt of two letters from Dr. F. Robert Zeit, expert pathologist at the Northwestern university, who made two postmortem examinations of men who died at the shops. Dr. Zeit took samples of the disease forms from the organs of these two cases and actually separated and identified the typhoid germs. He says that the evidence that he has found 'establishes positively the nature of your epidemic to be typhoid fever.'

Supt. of Streets White said that the only remedy was to keep the streets clean. If this was done there would not be much trouble with the catch basins.

Alderman Moore reported that Harry Summers, sexton of Diamond Grove cemetery who has been critically ill of pneumonia is now improving in satisfactory manner.

WANT WALKS IN FIRST WARD  
Alderman McGinnis reported that he and Alderman Flynn had investigated sidewalks in the First Ward and found conditions bad. He moved that ordinances for sidewalks be drawn for the following streets: Allen avenue both sides from Independence avenue to Walnut street; Beasley avenue both sides from Independence avenue to Walnut street; Sheridan street east side from Sherman to Brown street; Alderman Flynn seconded and the motion carried.

Alderman McGinnis also called attention to the need of drainage of Brown street near the Walsh right of way and also reported a bad place in the intersection of East North and North East streets.

O. C. Crabtree a resident of Beasley avenue was present and spoke of the bad condition Beasley avenue and other streets in the First Ward. Mr. Crabtree said that the residents would like to have sewers to keep the water from filling their cellars. He also called attention to the practice of automobile and wagon drivers using the sidewalks to drive on.

PRIMARY VOTE CANVASSED  
The vote of the recent primary election was then canvassed by the council and resolutions adopted declaring the following nominated:

First Ward—Thomas Flynn, Democrat; John Baptist Republican.  
Second Ward—A. E. Williamson, Republican; C. C. Berryman, Democrat.  
Third Ward—John Cain, Republican; William McNamara, Democrat.  
Fourth Ward—T. A. Chapin, Republican.

Mayor Chapin reported that a representative of the Barber Asphalt company was in the city and would interview property owners relative to asphalt paving. Mr. Chapin said the representative would secure signatures to a petition for paving and also explain the merits of asphalt paving.

The Barber company is not a paving concern but deals in asphalt. The council then on motion adjourned.

'OO LATE TO CLASSIFY  
I hereby announce myself as candidate for commissioner in Road District No. 8 for the coming election to be held April 6.

### TYPHOID FEVER BAD IN BLOOMINGTON

Epidemic Among Chicago and Alton Shopmen—Car of Gravel Springs Water Sent on Special Train

The Gravel Springs Co., yesterday made a shipment of a car of water for the use of the Chicago & Alton shops at Bloomington. A special train was made up to carry this shipment owing to unhealthful conditions in Bloomington. Representatives of the state department of health have been in Bloomington to investigate the cause of typhoid fever which has been practically an epidemic there and a number of deaths among Chicago & Alton employees resulting.

The following from the Bloomington Pantagraph gives some further facts about the disease conditions:

"The sickness at the C. & A. shops is typhoid fever, Dr. Furstman, city health director, pronounced it that, judging from a clinical standpoint. Many other doctors of the city had reached the same conclusion, but all were uncertain because of the unusual severity of the disease and the lack of supporting evidence to bear out the clinical diagnosis.

Dr. S. S. Winner, district officer for the state health department, made it known Saturday that he diagnosed the disease as typhoid fever and he immediately ordered that all cases be handled with typhoid precautions and be quarantined.

"The question is considered settled by the receipt of two letters from Dr. F. Robert Zeit, expert pathologist at the Northwestern university, who made two postmortem examinations of men who died at the shops. Dr. Zeit took samples of the disease forms from the organs of these two cases and actually separated and identified the typhoid germs. He says that the evidence that he has found 'establishes positively the nature of your epidemic to be typhoid fever.'

EVANGELISTIC SERVICES  
AT GRACE CHURCH

Gospel Team in Charge of Sunday Night Service—Rev. T. H. Tull to Preach Every Night This Week.

An evangelistic campaign is in progress at Grace M. E. church and the opening service was held Sunday night, in charge of the gospel team consisting of nine men. A good deal of preparatory work has been done and the people of the church are expecting the series of meetings to be very fruitful in results.

The pastor, Rev. T. H. Tull, will conduct the services. Monday night the pastor's theme was "The Fall of Man."

The minister told something of the story of creation and traced the entry of sin into human life. Then he led up to man's responsibility and the necessity that there is of meeting and overcoming temptation if worthwhile character is developed. It was a sermon of a helpful kind and one which made those in the audience see life and its responsibilities in a deeper way.

At the Sunday night service a number took part telling what the church and the religion of Christ has meant to them. This service was in charge of the gospel team which includes Messrs. J. W. Breckon, captain; A. T. Capps, S. J. Tompkins, H. L. Griswold, T. V. Hopper, John J. Reeve, Henry Best, John Voltrath and H. J. Rodgers.

In the song service H. A. Litter and Norman Campbell sang solos. Monday night the music was in charge of C. E. Williamson and Norman Campbell. Tonight Mr. Tull's theme will be "The Making of a Sinner."

### WILL AID SUFFERERS IN THE NEAR EAST

Organization is Effected For Special Campaign in City and County.

The people of Jacksonville and Morgan county are to be asked to take part in aiding the suffering people of the near east. Churches and civic societies are joining in the movement, which has its appeal to every person who considers the appalling fact.

The Jacksonville Ministerial association has approved the campaign plan and the ministers will talk about the serious situation in Armenia next Sunday morning.

The Jacksonville Woman's club has headed the list of subscriptions by voting \$25 to the fund. Earl M. Spink is the county chairman and yesterday made known a part of the organization as follows:

County Chairman—Earl M. Spink.

Vice Chairman—R. I. Dunlap. Executive Committee—Rev. M. L. Pontius, Edward Brennan, Rev. W. E. Collins, Judge Paul Samuel, Rev. W. E. Spooner, Henry Frisch, Supt. H. A. Perrin, Chairman Speakers' Committee—Carl E. Robinson.

Public Schools—Hugh P. Green. Publicity—Birch B. Ridgway. Treasurer—C. F. Leach.

Women's Organization for Morgan County.

Chairman—Mrs. W. S. Jones. Executive Committee—Mrs. J. W. Clary, Mrs. J. Marshall Miller, Mrs. A. H. Dole, Mrs. W. C. Bradish, Mrs. M. C. Hook, Mrs. Charles E. Scott, Mrs. J. W. Hairgrove, Mrs. Ben Lorton, Mrs. A. B. Williamson.

There have been many drives and many appeals for aid but those making this organized effort here feel sure that when the people become familiar with the conditions that no uncertain answer will be given.
